Lot
1

BRC Cowboy Hank 460

ABBA # 1087081 | 11/29/2023

A balanced, high-quality herd sire prospect with the kind of phenotype and genetic profile that fits progressive Brahman programs today.

He offers muscle, soundness, moderation, and overall eye

appeal—combined with strong breeding value and AI potential.

Performance highlights include top 4% WW, 3% YW, 5% tenderness, 1% carcass weight, 2% REA, and top 10% TM.

Fertility tested and ready for breeding.

Selling 100% ownership and possession. No restrictions.

BRC 805/8 INTERNATIONAL CHAMPION

+Miss V8 775/7

+BRC 160/8

Sire of Lot 1

Semen on 160 will not be offered again in the USA. Moving forward, the only way to access these breed-defining genetics will be through his sons and daughters.

- 3x International Champion Get of Sire Winner. In fact, the only bull to ever beat 160 progeny in a get of sire competition is Noble.
- Sire of the 2026 International Champion Brahman Bull.
- Sire of the 2023 and 2022 USA National Champion Bull
- A true performance powerhouse who still maintains perfect structure and soundness.

*Breed leading
phenotype and pedigree.*

- A near picture perfect female in terms of visual eye appeal, femininity, pigmentation, and udder quality.
- One of our highest %IMF Marbling females.

BRC 805/8

Dam of Lot 1

International Champion Female

A rare opportunity to obtain a bred heifer from BRC

Lot

2

BRC Sally O'Malley 465

ABBA # 1077430 | 01/26/2024

Opportunities like this are few and far between. Bred heifers have not been a part of the BRC offering—until now. Originally purchased by Jackson Crew as a weaned heifer, Sally now transitions from the show ring to production. She sells AI'd to 259/7 with an ECD of August 9, 2026, and was exposed to KCC 45/4 following AI.

+JDH Elmo Manso **NATIONAL CHAMPION**

+Miss V8 797/6

Her pedigree needs no introduction—full sister to BRC Me Again Margaret 254, BRC Money Don't Jiggle 240, and the young sires Jagger and Wells Fargo Wagon. A true investment female carrying the kind of genetics that build programs. Selling 100% ownership and possession. No restrictions.

Lot

3

BRC Hit the Floor 745

ABBA # 1091346 | 07/14/2025

745 leads off a powerful set of halter-started females, ready to continue their show careers or transition into the front pasture of elite Brahman programs.

Study her from every angle—mass, center body, muscle, and balance. This outstanding true July heifer combines elegance with power, featuring a bold top, expressive shape, strong bone, and a refined, feminine front.

She carries added pigment through her dam, a dark Captain daughter out of a 380 female. Her pedigree stacks the industry's most influential sires—160, Noble, Captain, and 380. A rare combination of phenotype and pedigree with the kind of upside serious programs are built around.

BRC Me Again Margie 751

ABBA # 1096118 | 07/26/2025

This female gets us excited - the natural calf of two of the brightest young stars in our program—Margaret and Amos Moses.

While ET calves have their place, there's something different about a standout natural calf. It speaks to the true production power of a cow. Margaret continues to prove exactly that as her calving interval between this calf and her first natural calf was 352 days.

Margaret is the most decorated female in our program since Boom Shaka Laka. Amos Moses, a National Champion in his own right, is quickly establishing himself through the quality of his offspring.

Phenotypically, this true July female offers length, style, bone, muscle, and overall quality in a very complete package. Not yet a year old, she represents the kind of genetic opportunity that can make a lasting impact.

+Mr. V8 160/8 3X HOUSTON GET OF SIRE CHAMPION

BRC AMOS MOSES 257 NATIONAL CHAMPION

+Miss V8 21 / 8 2X HOUSTON GRAND CHAMPION

 Sire of Lot 4
 National Champion Bull
 Reserve International Champion Bull

- A young powerhouse herd sire who is siring our most exciting young calves as evidenced in this sale and in daughters like BRC Your Gypsy 700.
- Offers size, bone, and eye appeal.
- With semen sales on Amos Moses limited, opportunities like this are even more meaningful.

The mating of champions.

- National Champion Female
- Houston Champion Female
- World Brahman Congress Champion Female
- 2x All American Champion Female
- The most successful female we have shown since Boom Shaka Laka.
- A rare opportunity to access her genetics early in her lifetime and build from the ground up.

BRC ME AGAIN MARGARET 254
 Dam of Lot 4
 National, International, and World Brahman Congress Champion Female

Lot

5

BRC Down To You 724

ABBA # 1088951 | 05/04/2025

Genetically, here's one of the most intriguing females in the offering. She represents a concentrated, linebred combination of the two most impactful cow families at BRC: Lupita and Boom Shaka Laka—females responsible for over \$2.6 million in lifetime production.

>> (His mother is Lupita)

+Mr. V8 160/8 **3X HOUSTON GET OF SIRE CHAMPION**

BRC AMOS MOSES 257 NATIONAL CHAMPION

+Miss V8 21 / 8 **2X HOUSTON GRAND CHAMPION**

Mr. V8 675/6

+MISS V8 835/7 LUPITA

+Miss V8 341/7

Lupita alone has produced three herd sires for our program, most notably 160/8, and direct daughters of hers are rarely offered. One such female, BRC Lynn's Lovely Lady, serves as a cornerstone for the Coronado and Jefferson programs. Down to You 724 intensifies the influence of Lupita while stacking proven maternal power on both sides when you bring in Boom Shaka Laka on the top side. If you understand the value of cow families and intentional linebreeding, the long-term genetic potential here is undeniable.

BRC AMOS MOSES 257
Sire of Lot 4

BRC Boots With The Fur 736

ABBA # 1091345 | 07/08/2025

If you know the song that Lots 3 and 6 (full sisters) are named after, then you know what comes next—“the whole club was looking at her.” That’s a fitting introduction for 736, because she’s the kind that naturally draws attention. Feminine, long

bodied, and level topped, she combines balance and presence with the kind of style that stands out. She also brings added pigment through her Captain x 380 dam, who is nearly jet black. The Captain x 160 cross continues to prove itself, blending structural integrity with added shape and dimension—hallmarks of the 160 daughters. Pedigree, presence, and genuine upside—this is one to keep high on your list.

Lot

7

BRC Raspberry Beret 737

ABBA # 1091381 | 07/09/2025

This is one of the most unique opportunities we've ever offered.

A full sister to 160/8 and a direct daughter of Noble—genetics you just can't get anymore. In fact, only one other female from this mating has ever been sold, and that was to Carlos Castillo of

Panama. With Lupita aging, we made this cross again, and this female delivered exactly what we hoped for. Consider the pieces: no semen offered on Noble, no semen offered on 160, and very few daughters of Lupita ever leave our program. To have this combination available—twice—in one offering is truly rare. She brings the look to match the pedigree—length, shape over her top, an upheaded presence, and a bold, powerful center body. A female with the credentials and kind to develop into a cornerstone piece for a serious program.

BRC Six Gun 328

Lots

8-12

1 Unit Lots - USA Semen

Selling a total of 5 units on the 2026 International Champion Grey Brahman Bull! BRC Six Gun is one of the most exciting bulls to be part of the BRC program in ranch history. His first calves are already proving it with several in the show barn already. 328 can impact every facet of the beef business. He offers a fresh yet very marketable pedigree along with a complete genetic profile highlighted by top 10% WW, YW, TM, SC, and Tenderness EPD's. Phenotype wise we see him as a perfect example of the Modern Brahman; moderate framed, excellent structured, elite breed character and style, along with unmatched rib and thickness.

Pedigree wise, Six Gun is sired by our powerhouse sire, BRC 160/8, who's semen will never be offered in the USA again. His dam, JLT Shannon 631, is a beautiful 18 year old cow who looks like she could still walk into the arena and win today.

This will be an extremely limited semen offering in the USA, so take advantage now. Certificates are \$50 each.

+MISS V8 103/8 HOUSTON ET PRODUCE CHAMPION

+Miss V8 797/6

Get ready for the first-ever global semen offering on BRC Wells Fargo Wagon 383—a Division Champion at Houston and a standout in our current show string. He represents the next generation of our sire lineup. Sired by Noble and backed by the strength of 103/8, Wells Fargo Wagon brings together frame, power, and eye appeal in a very complete package—mirroring the kind of look that has made this cow family so influential. With Noble semen not offered in the USA, the focus now shifts to his sons—and this is one we're especially excited about. Certificates are \$50 each. A rare opportunity to access the next chapter of these genetics.

Embryo Offerings

Due to the many variables involved with embryo transfer, all embryos are sold without guarantee. These embryos were produced at TransOva and represent the same matings and quality we utilize within our own program. We are happy to visit with you about the genetics, mating decisions, and our experience with these lines.

However, no pregnancy guarantees are offered.

3 Frozen Embryos: BRC Lady Sugar 62 x Captain

Both of these lots are eligible for USA, Mexico or South America export. Sugar stands among the very top young donors in our program, known for her consistency and ability to complement a wide range of sires. Time and again, she proves her value by producing high-quality, competitive offspring regardless of the mating.

The Dutton x Sugar mating is a proven success, with these embryos being full siblings to BRC Sugar Rush 676, a feature of our 2025 Night of Champions sale and pictured above. This will be the first offering of the Sugar x Captain mating.

With a proven donor on the maternal side and a great sires like Dutton and Captain, these matings bring together the kind of predictability, quality, and future potential that serious programs are built around.

+JDH MR ELMO MANSO

JDH MISS PEARL MANSO

JDH Ms Annie Manso

Eligible for USA or Mexico only. A true show cattle mating from top to bottom.

These embryos are full siblings to BRC Pookie 681, a featured lot in our 2025 Night of Champions Sale, and represent the kind of proven combination we strive to replicate.

Pearl 449 continues to be one of the most dependable donors in our program—a female that consistently produces quality, competitiveness, and longevity. Her impact is well established, with daughters like BRC Shush 478, a standout show heifer for Layton Jo Jefferson, and BRC Annie Bananie 269, a multiple-time champion for Providence Ezell.

She has also produced herd sires BRC Stockman 91 and BRC Trail Boss 298, further reinforcing her ability to generate both elite females and functional breeding cattle.

When you combine this level of production consistency with a proven mating, you get the kind of opportunity that serious show programs are built around.

+Miss V8 645/6

+Mr. V8 458/7 Noble

BRC DOLLY 118

+MISS V8 263 /8 (380)

Eligible for USA, Mexico or South America export.

BRC Miss Dolly 118 was the 2023 Grand Champion Junior Heifer at the Cattleman's Congress junior show, and a strong member of the show circuit during 2022-2023. A standout Noble daughter and Claydesta cow family descendant on the bottom side, she was an acclaimed donor at BRC Ranch recognized for her depth and show performance. Phenotypically, Dolly is a larger framed, snow white cow with a beautiful udder, adequate bone, and outstanding breed character. Just look at the expression over the hump and head while still having that beautiful Brahman femininity and maternal wedge. As a young female, Dolly has produced one keeper heifer for us, BRC Miss Mona 403, and was flushed by Thibodeaux Brahman Ranch. That flush produced a show heifer for TBR who's done very well with her on this spring's show circuit. A great mating designed to make top quality show cattle.

Sale Terms

This sale is governed by Texas law. These terms represent the full agreement between buyer and B.R. Cutrer, Inc. Updates posted at cattleinmotion.com or announced from the auction block take precedence over catalog.

PAYMENT AND TRANSFER Terms of the sale are cash, check, or bank wire due upon receipt, and before animals leave BRC. Payment for the cattle is due on or before May 21, 2026. Unpaid accounts are billed 18% APR beginning seven (7) days following sale. Upon receipt of payment, B.R. Cutrer, Inc. will transfer registration paper to the buyer. If full payment is not received within 7 (seven) days, then upon written or electronic notice to buyer, BRC shall retain ownership of animal with full property rights, including the ability to sell the animal to another buyer. Animals not paid for within 7 days of the sale forfeit any future guarantees.

FEEDING AND CARE Cattle will be provided free care until May 23, 2026, after which feed is billed at \$8/head/day in the BRC development facility and \$20/head/day at the show barn. Any veterinary expense will be the owners obligation. Feed charges must be paid in full before cattle leave BRC. Cattle left at the ranch must carry livestock insurance.

LIABILITY & INSURANCE Ownership of the animal transfers at the time of sale and buyer bears the risk of injury, disease or death which may occur. Insurance is available through Jensen Livestock Agency, 785-262-1116.

HEALTH Cattle are eligible for a state approved health certificate for interstate shipment. Animals have been provided the utmost care, nutrition and vaccinations under the guidance of Wharton Veterinary Clinic. Animals are deemed sound and healthy at the time of sale.

GUARANTEE The sale offering is guaranteed to be reproductively sound. This guarantee does not cover injury or death and is not a lifetime guarantee. In the event of a problem, the buyer is responsible to return the animal to BRC and if it does not respond as a satisfactory breeder, we have the option to select a suitable replacement, if available, or take a sale credit. No cash refunds are given. This guarantee does not include injury, death, management, calving issues, feed or nutrition issues. Breeding guarantee is voided if any of the following occur: natural disaster, gross negligence or misconduct, cattle not in suitable body condition, cattle exhibited at livestock shows, virgin heifers flushed or IVF'd prior to having a natural calf, or virgin bulls collected for semen prior to natural breeding. There are no guarantees offered on internationally-exported cattle once they leave the care of BRC.

LIMITATIONS OF GUARANTEE We make no further guarantees, including but not limited to ability of cattle to compete in livestock shows, ability to be halter broken, disposition, number of years in production, or number of embryos produced, or number of units of semen produced. BRC retains ownership of all DNA cell lines.
